

## PERSONAL INFORMATION

Name David Fernández Vaamonde  
E-mail [davidfv@gmail.com](mailto:davidfv@gmail.com)  
Nationality Spanish

## WORK EXPERIENCE

Specialist Level. Reference in Linux in Iberia – TSDO. Single technical point of contact in complex projects (Design, implementation and customer relationship). Relevant projects: Lead HPC Clusters design and deployment (SLES, RHEL, SGLX, CMU, LDAP), RHEL and RHCS big deals, design and implementation end to end (SAN, networking, automated deployment with kickstart, RHCS integration with products...), VMware vSphere deployments. In some cases acting as project manager (resources and time management).

Technical Consultant/  
Account Support Manager  
Hewlett-Packard (HP)  
2007 - Present. Madrid. Spain

Develop long term trusting relationship with customers in Mission Critical Business: Advice in new designs, deployments and acquisitions, review and advice about customer environment, proactively addressing potential issues and solving them. Align environment and systems with business demand in order to achieve business goals. High interlocution level CIOs/CEOs.

Strong collaboration with other Business Units and partners: RFP answers, Presales, proofs of concept, design new mission critical services.

Teaching Linux/Opensource inside TSD (Spain) internal courses (Linux installation, shell scripting, RHCS,...) and external courses to customers. Mentoring of new employees.

Account Support Engineer  
Efedos Consulting (working for HP)  
2006- 2007. Madrid. Spain

Mission Critical and Enterprise Account Infrastructure support: RHEL and SLES. Service Guard for Linux, RHCS.

Deep knowledge in HP hardware and software: HP Blades and Proliants, Integrity systems (Superdomes and RX) Storage: MSAs, EVAs, XPs (Non HP: EMC Symetrix). Software: HP System Insight Manager, Polyserve, CMU

Open Source Engineer  
Alfa 21  
2002 - 2005. A Coruña. Spain

System administration (DNS, Mail, System Security, Kernel, Linux HA ....). Design and deploy projects and integrations based in Open Source software (Nagios, Cacti, Drupal, Customized distributions for diverse purposes with Metadistros, big integrations with Samba,...). Debian, RHEL, SLES, Fedora.

## EDUCATION AND CERTIFICATIONS

Universidade da Coruña (1995 - 2001)  
End-degree project: *"Implementing a .deb packages centralized management system to be used in Debian GNU/Linux deployments"*. (Linux, Debian, LDAP)  
Graduated with honors.

B.S. In Computer Science Systems  
Engineering Technician

Universidade da Coruña (2001 - 2007)  
End-degree project: *"Develop a support framework with distributed architecture to implement continuous audit plans"*. (Linux, Mono,

NHibernate). Grade: Excellent.

ITIL v3 Fundamentals

EXIN Exam (2008)  
Certification Number: 945121

Red Hat Certified Engineer (RHCE)

Red Hat Spain (2009)  
Certification Number: **805009215344721**  
Score: 100%

Trainings without Certifications

VMware: Install, configuration and deploy.  
Oracle Database 11g Performance Tunning  
HP StorageWorks (SAN design, Disk Arrays)  
HP Converged Infrastructure (Blades, Virtual Connect, ...)  
MC2: Understanding mission critical customers.  
OpenStack and KVM (self training)  
...

Other skills
